

THE SOUTH AFRICAN COUNCIL
for the
QUANTITY SURVEYING PROFESSION
DIE SUID-AFRIKAANSE RAAD vir die BOUREKENAARSPROFESSIE

Established in terms of the Quantity Surveying Profession Act 2000 (Act 49 of 2000)
Ingestel ingevolge die Wet op die Bourekenaarsprofessie 2000 (Wet 49 van 2000)

RECOGNITION OF YEARS “IN TRAINING” – STUDENTS IN PART-TIME PROFESSIONAL EMPLOYMENT:

- Shall commence no earlier than the fourth year of study towards an accredited 480-credit quantity surveying degree, provided that the applicant has successfully completed the major subjects or modules entitling him or her to advance to the fourth year of study
- Shall be applicable only to students working part-time under the supervision of a registered professional quantity surveyor
- A maximum of one year's recognition shall be given for appropriate experience, subject to the completion of logs and diaries as required by the Council

RECOGNITION OF YEARS “IN TRAINING” – CANDIDATES IN PART-TIME PROFESSIONAL EMPLOYMENT:

- Shall commence no earlier than the completion of the requirements for an accredited 480-credit quantity surveying degree
- Shall be applicable only to candidate quantity surveyors working part-time under the supervision of a registered professional quantity surveyor
- Recognition shall be given for appropriate experience, subject to the completion of logs and diaries as required by the Council

RECOGNITION OF YEARS “IN TRAINING” – MASTERS AND DOCTORAL STUDENTS:

- Shall commence no earlier than the completion of the requirements for an accredited 480-credit quantity surveying degree
- Shall be applicable only to candidate quantity surveyors who have successfully completed a Masters or Doctorate degree during their in training period

- The Council may allow a reduction of a maximum of one year of the required registration period for the completion of either a Masters or Doctorate degree, provided that the candidate submits a copy of the dissertation/thesis/research reports with his/her logs and diaries and that the topic of the study is relevant to the quantity surveying profession.
